TAINWALA FOUNDATION

- Established in 2013, the **Tainwala Foundation** is dedicated to creating a meaningful impact through initiatives in **Education, Social Development, and Environmental Sustainability**.
- The Foundation focuses on empowering underprivileged girls through education and supporting environmental conservation efforts across the Nashik district.
- Through its continuous efforts, the Foundation contributes to building an equitable and sustainable society.

TAINWALA FOUNDATION

EDUCATIONAL INITIATIVES

A. Higher Education Support

Since its inception, Tainwala Foundation has been committed to providing financial assistance to deserving girls from Nashik district, ensuring they have equal access to higher education opportunities.

- **Total Beneficiaries (2013–2025): 147 girls**
- **Completed Education: 119 girls**
- **Currently Pursuing Studies: 28 girls**

Through this initiative, the Foundation has supported many girls in achieving their academic dreams and building successful careers. Several beneficiaries are now employed in government services, some have become doctors, and others are working in reputed private organizations.

This initiative continues to empower girls by helping them gain education, confidence, and the ability to contribute positively to society.

TAINWALA FOUNDATION

EDUCATIONAL INITIATIVES

Secondary & Higher Secondary Education Program

The Foundation supports girls from rural communities, especially from Zilla Parishad schools in Igatpuri Taluka, by offering full sponsorship from Grade 6 to Grade 12 at Bhonsala Military School, Nashik.

Impact (2018–2025)
Total Beneficiaries: 131 girls
Graduated (Grade 12): 15 are pursuing higher education
Currently Enrolled: 93

New Milestone – 2024:
Welcomed 23 girls from northeastern states
Promoting national integration and equal access to quality education
The Foundation continues to nurture future leaders and foster a culture of empowerment and resilience.

TAINWALA FOUNDATION

A. Fruit Saplings Distribution Program

The program aims to enhance nutritional security among rural families in Igatpuri and Trimbakeshwar blocks.
The Foundation launched a unique tree plantation initiative under which each farmer receives 10 mixed fruit saplings, ensuring year-round fruit availability while also promoting green cover and environmental sustainability.

Total Fruit Saplings Distributed (2015–2025): 1,100,690 trees

B. Afforestation Projects

Tainwala Foundation has implemented several large-scale afforestation and reforestation projects to restore ecological balance and promote environmental conservation.

These initiatives are carried out in collaboration with the Forest Department and the Watershed Development Department.

TAINWALA FOUNDATION

Year & Location	Location	Area	Saplings Planted	Survival Rate	Remarks / Status
2015	Khambale	60 hectares (150 acres)	66,000	82%	Successfully handed over to the Forest Department in 2022
2018	Devargaon	48 hectares (120 acres)	50,000	75%	Plantation completed
2019	Savargaon	5 hectares (12.5 acres)	6,000	70%	Nashik developed into a lush green forest; both sites handed over to the Forest Department
2021	Darna Dam	-	12,000 (combined)	-	Plantation done in partnership with the Irrigation Department
2023	Mukane Dam				

The Tainwala Foundation has implemented multiple afforestation and reforestation projects across various locations, contributing significantly to environmental restoration.

These initiatives not only contribute to **carbon sequestration and biodiversity conservation** but also promote **sustainable rural livelihoods** and community engagement in environmental stewardship.

TAINWALA FOUNDATION

Impact Summary

Tainwala Foundation Contributions Across Key Focus Areas

Through sustained efforts in education and environmental sustainability, the Tainwala Foundation continues to create a lasting impact on communities and the environment across Nashik and beyond.
By empowering girls through education and nurturing nature through large-scale afforestation, the Foundation is dedicated to building a greener, more educated, and equitable future for all.

Focus Area	Period	Beneficiaries/Output	Impact Highlights
Higher Education Support	2013–2025	147 girls	Empowered girls to pursue professional education and careers
Secondary Education (Bhonsala Military School)	2018–2025	131 girls	Provided quality education and full financial support
Fruit Saplings Distribution	2015–2025	1.1 million saplings	Improved nutrition and farmer income
Afforestation Projects	2015–2023	Over 1,30,000 saplings	Increased green cover and biodiversity
